Dear Coach Pascal Denis.

MALAYSIA SYNCHRO9 NATIONAL TEAM DEVELOPMENT PLAN

Preliminary Proposal for Technical Support by Coach Pascal Denis
Road to SEA Games Malaysia 2027

The Ice Skating Association of Malaysia (ISAM) would like to invite **Coach Pascal Denis** to support the technical development of Malaysia's Synchro9 national team towards **SEA Games Malaysia 2027**.

Following Malaysia's participation in the Synchro9 Development Camp in Budapest in August 2026, involving Malaysian skaters, coaches and officials, ISAM is now moving into the next phase of structured national-team development.

Malaysia has an existing coaching team in place and would like to work with Coach Pascal to provide specialist Synchro9 technical guidance, program direction and choreography throughout the preparation period.

Immediate Start

ISAM proposes to begin the collaboration **as soon as possible with an online Zoom meeting between Coach Pascal and the Malaysian coaching team**.

The initial meeting would allow both parties to discuss:

- the current Malaysian skater pool;
- the overall development direction;
- Synchro9 fundamentals that should be prioritized;
- training objectives leading into the first physical camp;
- skater assessment and selection;
- program and choreography planning;
- the recommended development timeline; and
- Coach Pascal's availability between now and SEA Games Malaysia 2027.

The objective is to allow the Malaysian coaching team to begin implementing the agreed direction immediately.
